Dear Chris,

We have been working with you and your firm since 1983 and it has been a pleasure. From your top notch service, from Debbie & Anna on our homeowners & auto insurance to always making sure we were properly protected, we thank you.

Now that we have been investing with you we are very pleased with the outstanding results and the ease of doing business and understanding your investment style and philosophy. We highly recommend you and your firm to anyone who wants great protection and investment results.

Thank you again and I look forward to many more years of a great relationship.

Sincerely,

Stanley Greene
